

School Website

The school website contains a range of useful information that parents can use to find out about what is happening in school. Two important areas are the news section and blog section. These sections keep parents up to date with events in school and often provide more detailed information about what is happening in school. Also, please download the school's mobile app for Apple and Android devices. This app allows school to update parents about events in school by sending push notifications. For more information about how the school communicates with parents, please contact the office.
